Sir:

In the Notice dated January 7, 2009 in connection with the above-referenced US patent application, the USPTO required that the Applicant submit a new formal Figure 6 in view of the presence of foreign language in original Figure 6. In this regard, original Figure 6 contained *both* Japanese language and the English translation of the Japanese language. Therefore, a new sheet of drawings including Figures 5 and 6 have been submitted herewith, including new formal Figure 6 in which the Japanese language has been deleted from the drawing. No new matter has been added. The above remarks and the attached new formal Figure 6 constitutes a complete response to the Notice issued January 7, 2009 in connection with this application.

Respectfully submitted,

Hirokazu KITAMI
